

**Siskiyou Summit
Handbell Conference
April 30 - May 1, 2010
Ashland, Oregon
A FOCUS ON RHYTHM AND MOVEMENT
Guest Clinician/Conductor: Tim Waugh**

This year's conference will focus on rhythm and movement, two of Tim Waugh's teaching strengths. "He is well known for his work in musicality and rhythmic acuity incorporating techniques from Dalcroze and Orff in his series of workshops *Rhythms to Ringing*." Besides working on the musicality of the conference works during the rehearsals there will be time in the Group A and Group B rehearsals for Tim to work with the ringers to develop their rhythmic acuity. This year, in an effort to try to get the two rehearsal groups the same size, instead of Tins and Coppers/Bronze groups there will be Group A and Group B. The repertoire for each group will be of similar difficulty allowing the director of each choir to choose which group they would like to ring with. Also, this year SSHC will be premiering a new work written by Michael Glasgow and Tim Waugh titled *Pilgrimage*. This work is not yet off the presses and will be available for purchase ONLY through the conference director, Diane Barnes as proof copies. Your proof copies will be exchanged for final editions at the conference. For more information contact: Diane Barnes at dkbarnes@jeffnet.org or call 541-708-0365. Following is the repertoire for the 2010 Siskiyou Summit Handbell Conference:
