

Breathe Your Love in Me

words and music by Russell Martin Copyright 2002

Verse 1

D **E7/D**
I see his lips moving, I don't hear the words
Gm/D **D** **C** **G**
Cause I've heard them so many times before
D **E7/D**
I read and respond with the others gathered here
Gm/D **D**
Like we've done so many times before

Pre Chorus

Bm **G**
Sometimes I feel like, it's the same old same old
Bm **G**
Sometimes I feel I'm not going anywhere
Em **D**
Sometimes I feel like I'm lost in a circle
A **G**
And i don't care, but I want to care, so please

Chorus

D **Em**
Breathe your love in me, close my eyes so can see
G **A**
Make me open, ready me to receive your love
D **Em**
Breathe your love in me, close my eyes so I can see
G **A**
Make me open, ready me to receive your love

Verse 2

I've been here a thousand times, same old reason same old rhyme
Same old thing that's keeping me from you
I know all the words to say, I know all the prayers to pray
The motions flawless but the heart not true

Pre Chorus

Sometimes I feel like, it's the same old same old
Sometimes I feel I'm not going anywhere
Sometimes I feel like I'm lost in a circle
And i don't care, but I want to care, so please

Chorus

Breathe your love in me, close my eyes so can see
Make me open, ready me to receive your love
Breathe your love in me, close my eyes so I can see
Make me open, ready me to receive your love

*You are free to use this song however you like except recording it and publishing it as your own. If you use it in worship services I would love to hear how it goes. If you would like to record the song please contact me and we can make those arrangements.
