

DAKOTA COUNTY STAR

E-mail Subscription

Thank you for subscribing to The Dakota County Star!

The E-mail subscriptions will be sent every Thursday morning and all subscribers should have it in their E-mail Inbox by 12:00 p.m. (Noon). If for some reason you haven't received your download by Noon, please notify us via E-mail at:

dakotacountystar@yahoo.com

That is the E-mail address that your subscription will be generated from.

Issues that have a special section will have two files attached to the E-mail. One that is the newspaper and one that is the special section. The newspaper file name will be named in the following format: DCSTAR(issue date).pdf. The security settings on the files do not allow for changing or printing of the document. If you need a printable version of a particular page, please contact us and one can be sent.

If you use Adobe Acrobat Reader to view your paper, it will automatically open with BOOKMARKS on the left. Simply click the bookmark to go to that place in the paper. Use the page up or down buttons to go from page to page.

Use the View or Zoom buttons to increase or decrease font size for easy viewing. As the level of zoom increases, pictures will become a little fuzzy, this is normal.

File sizes will vary each week between 1.5MB up to 3MB. Please make sure your Inbox has enough available memory to accept delivery of the E-mail. If you're not sure if your Inbox will accept files up to 3MB, we suggest you set up a FREE Yahoo E-mail account. Please let us know if your E-mail address changes.
